South San Francisco Chamber of Commerce Business In Brief

June 2018

A message from the President of the Board, Jim McGuire

Jim McGuire

General Manager of the Best
Western Plus Grosvenor Hotel

jmcguire@grosvenorsfo.com

Welcome Summer! The month of June brings us Summer Solstice - the longest day of the year and we also say Happy Birthday to those of us born under the signs of Gemini and Cancer. Quite the eclectic month of celebrations including National Doughnut Weekend, Accordion Awareness Month, Adopt A Cat Month and Candy Month! I swear, I do not make this stuff up. June is also Pride Month - a wonderful time for the LGBTQ community! Plus, more nail-biting games from our favorite NBA Champions - **Go Warriors!!!!**

May was a great month for us as well. We had record-breaking attendance for our **Breakfast & Learn/Good Morning South San Francisco** event where over 60 members heard from our **City Manager Mike Futrell** on all of the exciting projects happening in our City. Fellow Board of Director and General Manager for the La Quinta Inn and Suites, **Jeff MacDonald**, put on quite the show at his Grand Opening and Ribbon Cutting of his newly renovated hotel on May 23rd and our very own **CEO Liza Normandy** did a fantastic job delivering the **State of the City** address as Mayor at the South San Francisco Conference Center on Thursday, May 31st to over 140 guests.

We recently had a meeting with our webmaster and our **Chamber website** is getting a lot of attention. We have had close to 7,000 visitors this last year and our social media efforts are gaining a lot of momentum. The Chamber will be updating the look to our website in the near future. One of the most popular pages is our Business Directory, so all of our members are getting great exposure!

We hope to see you at a couple of our June events; please join us at the **Rotary Club of South San Francisco** for a **Chamber Networking** event on Thursday, June 14th from 5PM - 6:30PM. A special highlight this month is our **Lunch and Learn** program and the hot topic is **Transportation**. Our MC will be **Mayor Pro Tempore Karyl Matsumoto**. We will discuss our current services, community engagement, promoting safety and efficiency, and how we all play a part in moving San Mateo County in a different and better way. Be sure to R.S.V.P. today! The event will be held at the South San Francisco Conference Center on Thursday, June 28th from 11:30AM - 1:30PM.

As usual, please check the Calendar of Events on our website. There are always new events popping up that you should not miss. Take advantage of all of our great events to network with your fellow Chamber members so everyone can learn more about YOUR business. Your Chamber of Commerce is working hard for you, so please be sure to take advantage of your membership as often as you can.

See you at one of our upcoming events!

South San Francisco - Not just the Industrial City

The printing industry in the Bay Area was once the hot spot in the country. Back in the 50's thru the late 80's there was a print shop or two in every city. San Francisco was the west coast hub with over 5,000 people employed, with some 3,000 union members filling jobs in several large companies. Today it has drastically changed. Large print shops have been replaced by the smaller digital print shops. Two of the largest paper companies, Zellerbach and Georgia Pacific, were once a part of South San Francisco. They too have gone away. Today we have less than 1,000 people employed in the printing trade and fewer than 300 Union members currently employed in the SF Bay area. The numbers show that we have become less of a blue collar working community and more of a Bio-tech, high tech and hospitality group of businesses.

As one of the last local union print shops in the bay area, we strive to keep traditional large format offset printing alive. Madison Street Press is one of the shops that stood the test of time. We have been in business over 100 years. We are still family owned and are one of the last union printers in the area. Our business has changed over the years but has always maintained the "customer service" formula for success. We still print annual reports, advertising pieces, brochures, presentation folders and business cards. The recent addition of promotional products was another demand that we have met for our customers. As the industry changed we did too. Our clients needed the flexibility of shorter print runs and digital capability. And we have delivered.

The scope of business in South San Francisco has changed over the years too. But we are still a thriving business community. We have gone from the "Industrial City" to a "city on the rise" so to speak. We are a city with dedicated people in many different industries. Look at what we have done. The world's leader in Bio-tech is just the beginning. We also have quality restaurants, convention space, hotels to accommodate everyone, a thriving downtown with a mix of old school charm and new ambitious ideas and a Chamber of Commerce that is right there to help make sure everyone has a great opportunity to succeed. South San Francisco is the place to be.

Understanding joint employer liability (By Anthony Zaller 1/13/2017)

Joint employer liability can arise in many different contexts, such as when using staffing agencies, management companies, or in even in the franchise context. Companies must understand the factors a court could apply in determining if a potential joint employer relationship exists between the two entities to avoid being potentially liable for employment lawsuits filed because of the actions of another employer.

California Rewrites the Independent Contractor Test - What Your Business

Needs To Do Now to Pass It (By Jennifer Rubin & Audrey Nguyen

5/3/2018)

A new "ABC test" under which employers will be required to classify most workers as employees.

Now, to qualify a worker as an independent contractor in California, the hiring party must demonstrate that:

- A. The worker is free (contractually and in fact) from the control and direction of the hirer in connection with the work; AND
- B. The worker performs work that is not the hiring entity's usual business; AND
- C. The worker is customarily engaged in an independently established trade, occupation, or business of the same nature as the work performed for the hiring entity.

May 8, 2018 — FOR IMMEDIATE RELEASE

CMSA NORTHERN REGION CHAPTER ANNOUNCED CHAPTER OF THE YEAR AT 2018 CONVENTION IN SACRAMENTO, CALIF.

CERRITOS, Calif. (May 8, 2018) — The California Moving & Storage Association (CMSA) gave its 2017-2018 Chapter of the Year award to the Northern Region Chapter during its Gold Rush Awards Luncheon at the 100th Annual CMSA Convention on Saturday, April 21, 2018. Chapter Co-Presidents Griselda Gonzalez and Olga Garcia of CG Moving Company, Inc. in South San Francisco, Calif. were present to accept the award.

The co-presidents were ecstatic and proud to accept the award on behalf of their chapter. Gonzalez and Garcia are sisters, and this was their first year at being chapter co-presidents for the Northern Region Chapter.

The honor was bestowed upon the Northern Region Chapter because of many factors, including enthusiastic involvement of its chapter members, consistent chapter meetings from September through April, and a holiday crab feed fundraiser. This year, their chapter donated \$10,000 to the CMSA Charities Fund.

The California Moving & Storage Association (CMSA) is a nonprofit trade association representing more than 375 licensed and insured movers operating in California. The CMSA also includes more than 195 associate member companies. Established in 1916, the CMSA is comprised of 12 chapters strategically located throughout California.
